

## **Environment Report to the Open Committee Meeting on 6<sup>th</sup> June 2016**

Ann Cardew, Caroline Brown and Cheryl Allen met on May 30<sup>th</sup> to put the planters in place at the Nat West Bank. The aim was to get them in place before the Queen's official 90<sup>th</sup> birthday weekend.

The press release to the Leatherhead and Dorking Advertisers and Epsom Guardian has been sent to announce the Leatherhead Open Gardens. We have also received coverage from the Parish Church Magazine and the Ashted Leatherhead Local. Our banner is in place on Randalls Road with plans to move the banner to the fence adjacent to the Swan Centre for the week prior to the event. Posters are also in place advertising the event.

Russ Fell of the Amersham and District Motorbus Society has sent a Timetable for the bus schedule which will be used as a supplement to the programme.

We could still use some extra volunteers to be at Randalls Road car park on the 12<sup>th</sup>. These volunteers will sell programmes, plants, and raffle tickets.

The new chairman of the Fetcham Environment Committee, Patty Harrison, has contacted us for information about our sub-committee. CA has made arrangements to meet with her after 12<sup>th</sup> June.

CA will attend a Norbury Park Liaison Group walk through Norbury Park on June 6<sup>th</sup>.
