Road Location - Utility Company - Description of works - Expected Start Date - Expected Completion Date

Reigate Road, Leatherhead - Southern Gas Networks -continued replacement of metal gas main with new - Multi-Way Signals - 14/01/2019 - 01/03/2019

There are a high number of works by utility companies carried out across Surrey each day. These can range from a new supply to a private property to a major mains renewal project. With the focus on the potential for traffic disruption, the following is a list of works in the Mole Valley District which either start in the forthcoming week or are continuing into or through the week. If you have any queries about the utility company works please contact us - ☎ 0300 200 1003 or visit www.surreycc.gov.uk/roadworks for full details of all works, where you can also set up email alerts for areas you are interested in.

NB.

Local Traffic Broadcasts have also reported proposed lane closures of the A243 - The link road between the two parts of Junction 9 of the M25. No doubt this will mean heavy traffic through Kingston Road, North Leatherhead.
